DOCUMENT 2B: BORROWER'S Q3 2146 QUARTERLY REPORTING PACKAGE & VALUATION MEMO

To: Off-World Real Estate Opportunities Fund LP

From: Aegaeon Habitation Partners LLC

Date: October 18, 2146

Subject: Q3 2146 Financial Reporting & Property Valuation Memo – Aegaeon Ridge Luxury Habitation & Research Spires

1. Financial Performance Narrative

The third quarter of 2146 was marked by a steady increase in lease revenues from corporate scientific research contracts. Physical occupancy at Spire Beta (Scientific Leases) reached 88%, while Spire Alpha (Luxury Penthouses) remained at 64% occupancy. Both sectors remain in compliance with the covenants set forth in the Mezzanine Loan Agreement.

Specifically, we report that the weighted average occupancy exceeds the threshold of the **Occupancy Covenant** defined in Section 4.01(2) of the Mezzanine Loan Agreement (Document 2A), which mandates a scientific occupancy rate of not less than 72.5% (calculated via leased **PVUs**) and not less than 60.0% for residential spaces.
