Credit and Security Agreement

DATED: June 26, 2026

BETWEEN: Conamara Biosphere LLC (the "Borrower"), and **Ganymede Agrifinance Corp.** (the "Lender").

ARTICLE I: CREDIT FACILITY

Section 1.01. Credit Allocation. Lender agrees to lend to Borrower the principal sum of **120,000,000 ECU**. This facility is structured as a secured credit line to expand high-yield algae agricultural cells and bio-fuel generation domes in the Conamara Chaos quadrant.

ARTICLE II: CONTAINMENT & SAFETY CONSTRAINTS

Section 2.01. Microbiological Containment & Liabilities. Borrower must maintain triple-wall hermetic seals around all active genetic splicing vats. If biological material breaches the active cultivation spaces and infiltrates the surrounding Jovian maritime layer, the Loan shall be deemed in immediate default. Borrower covenants to maintain third-party liability insurance coverage of at least 500,000,000 ECU covering bio-containment failures.
