Transit Infrastructure Credit Agreement

DATED: June 26, 2026

BETWEEN: Lineae Express Corp. (the "Borrower"), and **Offworld Logistics Capital** (the "Lender").

ARTICLE I: CREDIT TERMS

Section 1.01. Credit Facility. A term loan facility of **850,000,000 ECU** is issued for expansion of vacuum-tube transit channels between the Europa Equator and the North Polar Ice Caps.

ARTICLE II: INFRASTRUCTURE REPAIR ESCROWS

Section 2.01. Tectonic Track Displacement. Borrower must fund a rolling reserve account with at least 50,000,000 ECU. This reserve covers emergencies where seismic shifting de-aligns the magnetic levitation track loops along the main transit paths.
