COMMERCIAL PRESSURIZED SPACE LEASE AGREEMENT

THIS COMMERCIAL PRESSURIZED SPACE LEASE AGREEMENT (this **"Lease"**) is entered into and made effective as of January 1, 2085, by and between **Ares Prime Yield Fund I, LP**, a Martian limited partnership (hereinafter referred to as **"Landlord"**), and the **United Colonies Commissary**, an administrative agency of the **United Nations Martian Administration (UNMA)** (hereinafter referred to as **"Tenant"**).

WITNESSETH:

ARTICLE 1: PREMISES AND TERM

- **1.1. Premises:** Suite 100, Dome 2 (Olympus Mall), Zone 1, Ares Prime, consisting of approximately 8,500 square meters of pressurized retail space (the **"Premises"**), as shown on **Exhibit A**.
- **1.2. Term:** Twenty (20) Martian Years, commencing on January 1, 2085 (the **"Commencement Date"**), and expiring on December 31, 2105 (the **"Expiration Date"**).

ARTICLE 2: RENT AND ADJUSTMENTS

- **2.1. Base Rent:** Base Rent shall be Two Million Five Hundred Fifty Thousand Martian Credits (M$ 2,550,000.00) per annum (M$ 300.00 per sq.m.), payable in monthly installments of Two Hundred Twelve Thousand Five Hundred Martian Credits (M$ 212,500.00).
- **2.2. Escalation Schedule:** Base Rent shall remain flat for Lease Years 1 through 5. On the first day of Lease Year 6, and every fifth (5th) lease year anniversary thereafter, the Base Rent shall increase by a flat five percent (5.0%) of the rent in effect during the immediately preceding lease year.

ARTICLE 3: RENT CONCESSIONS AND TENANT IMPROVEMENTS

- **3.1. Tenant Improvement Allowance:** Landlord shall provide Tenant with a Tenant Improvement (TI) Allowance of Six Hundred Eighty Thousand Martian Credits (M$ 680,000.00) (M$ 80.00 per sq.m.) for the installation of heavy-duty refrigeration systems, airlock retail entry points, and high-capacity shelving units.
- **3.2. Rent Abatement:** Tenant shall receive a full abatement of Base Rent for the first three (3) months of the second (2nd) Lease Year (the **"Deferred Abatement Period"**) to offset logistical interruptions associated with seasonal solar wind storms.

ARTICLE 4: UTILITIES AND EXPENSE RECOVERIES

- **4.1. Modified Gross Structure:** Landlord and Tenant agree that this Lease is structured as a Modified Gross Lease. Landlord shall establish an expense stop for the cost of oxygen, nitrogen, and potable water utility replenishment equal to Forty-Five Martian Credits (M$ 45.00) per square meter per annum (the **"LSS Expense Stop"**, based on the Base Year of 2085).
- **4.2. Recovery Excess:** Tenant shall pay as Additional Rent its proportionate share of any costs exceeding the LSS Expense Stop. Any increase in Tenant's annual LSS recovery billing shall be capped at three percent (3.0%) over the actual billing of the immediately preceding year.

ARTICLE 5: SPECIAL COVENANTS, CO-TENANCY, AND GO-DARK RIGHTS

- **5.1. Retail Co-Tenancy:** Landlord shall maintain at least sixty percent (60%) occupancy of the net leasable retail area of Dome 2 (excluding the Premises) with active, pressurized retail businesses. If such occupancy falls below 60%, or if the secondary anchor tenant (Martian Agritech Depot) ceases operations for more than forty-five (45) consecutive Martian Sols, Tenant's obligation to pay Base Rent shall immediately be reduced by fifty percent (50%).
- **5.2. Go-Dark Rights:** Tenant, as a critical civil entity, shall have the right to cease operations and "Go Dark" without violating the terms of this Lease if a Level 3 or higher Colony-wide emergency evacuation order is declared by the UNMA. During any such period, Tenant shall continue to pay Base Rent at fifty percent (50%) of the rate otherwise in effect.
- **5.3. Exclusive Use:** Landlord shall not lease any space within Dome 2 to any other tenant whose primary business is the sale of dehydrated food rations, standard-issue surface survival gear, or Earth-imported dry goods.

IN WITNESS WHEREOF, the parties have executed this Lease as of the date first above written.
