COMMERCIAL PRESSURIZED SPACE LEASE AGREEMENT

THIS COMMERCIAL PRESSURIZED SPACE LEASE AGREEMENT (this **"Lease"**) is made and entered into this November 1, 2084, by and between **Ares Prime Yield Fund I, LP**, a Martian limited partnership (hereinafter referred to as **"Landlord"**), and **Martian Biotech Synthetics Inc.**, a Martian corporation registered under Registry No. MC-30291-B (hereinafter referred to as **"Tenant"**).

WITNESSETH:

ARTICLE 1: PREMISES, TERM, AND RENT

- **1.1. Premises:** Sector F, Module 4, Arcadia Biotech Park, Dome 4, Ares Prime, containing approximately 6,200 square meters of high-containment biochemical laboratory and office space (the **"Premises"**).
- **1.2. Term:** Twelve (12) Martian Years, commencing on November 1, 2084 (the **"Commencement Date"**), and expiring on October 31, 2096 (the **"Expiration Date"**).
- **1.3. Base Rent:** Initial Base Rent shall be Three Million Two Hundred Twenty-Four Thousand Martian Credits (M$ 3,224,000.00) per annum (representing M$ 520.00 per sq.m.), payable in monthly installments of Two Hundred Sixty-Eight Thousand Six Hundred Sixty-Six and 67/100 Martian Credits (M$ 268,666.67).

ARTICLE 2: RENT ESCALATIONS

- **2.1. Fixed Annual Escalations:** On each anniversary of the Commencement Date, the Base Rent shall increase by exactly three percent (3.0%) over the Base Rent in effect for the immediately preceding twelve (12) month period.

ARTICLE 3: TENANT IMPROVEMENTS

- **3.1. Cleanroom TI Allowance:** Landlord shall provide Tenant with a TI Allowance of Nine Hundred Thirty Thousand Martian Credits (M$ 930,000.00) (M$ 150.00 per sq.m.) specifically for the installation of Class-10 pressurized biosafety isolation barriers and independent emergency hydrogen-cell backup power generators. No free rent concessions or abatements are provided under this Lease.

ARTICLE 4: LIFE SUPPORT SYSTEMS AND BASE YEAR EXPENSE STOPS

- **4.1. Base Year Expense Stop:** This Lease is structured as an NNN Lease with a Base Year lock on primary atmospheric utility costs. The Base Year for calculating LSS operating expenses shall be 2084.
- **4.2. Metering:** All specialized climate control, localized autoclave operations, and hazardous waste venting systems shall be independently metered and paid for 100% by Tenant as Additional Rent. Landlord’s recovery of general Dome 4 atmospheric and shell maintenance costs shall be subject to audit by Tenant’s third-party environmental accountants within ninety (90) Sols of annual statement delivery.

ARTICLE 5: RIGHTS OF FIRST REFUSAL AND DECOMMISSIONING COVENANTS

- **5.1. Right of First Refusal (ROFR):** Tenant shall have a Right of First Refusal to lease any sub-surface subterranean vaults developed by Landlord directly beneath Dome 4, Sector F during the Term of this Lease.
- **5.2. Mandated Biological Decontamination:** Upon the expiration or earlier termination of this Lease, Tenant, at its sole cost and expense, shall execute a comprehensive biological and radiochemical decontamination of the Premises. Such work must be completed by an authorized contractor licensed by the Ares Health Authority and must achieve a Level-5 Biosafety Declassification before possession is returned to Landlord.

IN WITNESS WHEREOF, the parties have executed this Lease as of the date first above written.
